EXPERIENCE

Morey Creative Studios, Syosset, NY — UX *Designer*

MARCH 2016 - MARCH 2019

- Collaborate with clients and other team members to build and maximize user experience.
- Provide creative mockups and style guides to clients for rebranding and site development.
- Work with Content Developers to increase SEO and web discoverability.
- Create reusable custom modules for easy implementation on client websites.
- Respond to client requests for social graphics and print materials.
- Develop and code engaging and intuitive web apps to attract visitors.

Morey Creative Studios, Syosset, NY — *Senior UX Designer*

MARCH 2019 - PRESENT

- Maintain all previous designer roles and responsibilities.
- Lead, mentor, and oversee Junior UX Designers to ensure quality of work and progression of skills/knowledge.
- Collaborate with Design Directors to establish guidelines, best practices and procedures for optimizing web page speed and accessibility.
- Embrace user/client feedback to improve quality and accuracy of deliverables.

US Air Force, Westhampton Beach, NY *Avionics Technician*

NOVEMBER 2007 - PRESENT

As a guidance and control specialist I work with a team of technicians to assess and forecast possible aircraft write ups. As a Technical Sergeant I train and educate new members on applicable airframes and assist in the development of their leadership skills. Lastly, I respond to pilot write ups and troubleshoot H-60 and C-130 guidance and control systems.
