EXPERIENCE

SENIOR VISUAL DESIGNER
Morey Creative Studios, Syosset, NY

MARCH 2019 - PRESENT

- Build engaging, storytelling web experiences by marrying client direction and needs with modern, cutting-edge design.

- Collaborate with design-developers to establish guidelines, procedures, and best practices for company initiatives including page speed optimization and accessibility.

- Visualize and code agile modules for design system usage.

- Lead, mentor, and oversee Junior UX Designers to ensure quality of work and progression of design skills/knowledge.

VISUAL DESIGNER
Morey Creative Studios, Syosset, NY

MARCH 2019 - PRESENT

- Deliver creative, modern mockups and style guides to clients for rebranding and site overhaul.

- Embrace client and peer feedback to improve design skills and abilities.

- Work individually and as a team to respond to digital, web, and print requests for clients in a timely manner.

- Establish or improve web architecture based on user personas and needs.

AVIONICS TECHNICIAN
US Air Force, Westhampton Beach, NY

NOVEMBER 2007 - PRESENT

As a guidance and control specialist I work with a team of technicians to assess and forecast possible aircraft write ups. As a Technical Sergeant I train and educate new members on applicable airframes and assist in the development of their leadership skills. Lastly, I respond to pilot write ups and troubleshoot H-60 and C-130 guidance and control systems.
